

Edit Balogh,
Supply Chain Manager

"I'm inspired by the enthusiasm of my colleagues. I work with great professionals who are at the top of their game."

The Flex Future Finance Program

Working with partners across the globe, Flex is pioneering a new era of intelligent products that will help the world live smarter. We can offer you a dynamic and challenging career with people who push the limits –and work together globally– to go further than they ever imagined.

Our Flex Future Finance Program combines formal learning with real world challenges across a number of placements to help you realize your growth potential and become Financial Leaders of the future within our organization.

As you progress through an accelerated program of training and practical experience you'll work in a number of finance functions, actively take a role in decision making, commercial development, strategy and planning – across such areas as commercial, financial control, supply chain, corporate finance and FP&A.

BE REWARDED

We want you to be part of our future and feel rewarded for performing and progressing. You will receive competitive base salary, bi-annual salary reviews, excellent benefits and fully funded CIMA training.

WE ARE LOOKING FOR:

- » New graduates with a Finance BA/MSc Degree or graduates currently studying CIMA.
- » Willingness to travel – F3P involves 4 rotations over 18 months throughout our global locations.
- » Aptitude for analysis and numbers, strong verbal and written English skills, passion for business, process and people.
- » You must have an unrestricted right to live and work within the European Union.
- » Demonstrates expert functional, technical and people and/or process management skills;
- » MS Excel knowledge.
