

SZOFTVERTESZT-ELEMZŐ GYAKORNOK AZ XAPT GROUPNÁL

Szoftverteszt-elemző gyakornokot keresünk, funkcionális tesztek előállításához partnerünk saját, NAXT nevű termékéről.

Az angol nyelvi előkövetelmény miatt a hirdetés nyelve a továbbiakban angol, de a munkára partnerünk magyarul beszélő hallgatókat vár!

Currently, we are seeking a Software Test Analyst Trainee who will produce high-quality functional test cases to validate the solution related to their own product called NAXT.

- **Working hours:** full time (min 35 hours/week)
- **Salary:** gross 1380 HUF/hour
- **Place of work:** 1118 Budapest, Rétköz u. 5., Budawest Office Building

Your main responsibilities would be:

- Work with internal teams to obtain an in-depth understanding of the product and quality requirements;
- Produce high quality functional test cases based on description;
- Create and maintain automated tests with Microsoft's RSAT tool, analyze and report the results;
- Make improvements and maintain existing test case library;
- Identifying, analyzing, classification, tracking and documenting defects and questionable functions in application functionality;
- Administrate test case executions in test management tool;
- Help to develop our automated regression test coverage;
- Keeping written records of defects and bugs that are discovered during testing

What we expect from you:

- Full-time active student status (you can also be passive under 25 years);
- Ongoing BSC in Information Technology /Economics/ Finance/Accounting other technical field;
- Self-confidence in English communication;
- Desire to build a long-term career at XAPT Group;
- full time work (min. 35 hours/week)

You can apply by e-mail (melo@miszisz.hu), by entering your name, telephone number, e-mail address, indicating the position you want to fill and attaching your
