AND MANAGEMENT

Dear Friends, Colleagues, Partners and interested parties!

Incredibly, our International Week in April will be the 20th in a row. Our colleagues organised the first one 10 years ago and fortunately we have had the opportunity to organise it every semester since then.

Óbuda University Keleti Károly Faculty of Business and Management (KGGK) has the pleasure of inviting YOU to join the 20th Jubilee International Week from 15th to 19th April 2024.

Guest lecturers are requested to present a business or engineering-related topic (mechanical-, safety-engineering, mechatronics or electronics as well as computing/IT) of their choice emphasizing the given field's latest challenges.

During the International Week You will have possibilities:

- to learn more about Keleti Károly Faculty of Business and Management and other faculties of Óbuda University,
- to network with other Hungarian and international guest lecturers from our partner universities,
- to promote your university to our students,
- last but not least to visit the best places in our beautiful city,
- to take part in the independently organized MEB conference on the same week.

Applicants will be notified on a first come, first serve basis, so we would like to ask You to register as soon as possible.

To apply, please fill in the registration form available at the link below!
