

CALL FOR APPLICATION

for the title

„PostDoc Excellence Researcher of Obuda University”

by Obuda University

Obuda University (hereinafter referred to as: University) announces an internal call for applications for the title "PostDoc Excellence Researcher".

1. Introduction, purpose of the application

The University aims to support academic researchers who have a notable record of scientific research, and significant publications.

2. Location

Budapest, Obuda University

3. Position and hours

Postdoctoral fellowship, full time

4. Research and teaching topics

We welcome applications from young researchers in the following fields of engineering sciences, especially in: control system, control theory, artificial intelligence, cyber medical systems, robotics, intelligent systems.

5. Eligible applicants

5.1. Applications for this call are invited from researchers under 40 years of age, who have a proven track record of scientific research and innovation and/or significant publications, and who fully meet the following criteria.

5.2. Conditions:

- PhD degree;
- author of 2-4 peer reviewed publications in international journals or top engineering conferences;
- first author of at least two D1, Q1 or Q2 (Scimago) publications published in English.

6. Grounds of exclusion

Applicants may not receive a scholarship in the following cases:

- if it is established, to the satisfaction of the applicant, that he or she has supplied false, incorrect or misleading information or made false or misleading statements when submitting the application;

- fails to make the declarations, submit the documents or withdraw the declarations made in the Call for Proposals or as conditions of the grant.

-

7. Amount for the scholarship

The gross amount available for the support of the proposals under this call is EUR 2500/months.
Number of persons eligible for funding: 7.

8. Supported period

The supported period is 72 months.

9. When and where to submit

Deadline of application: March 15, 2026.

Applications should be submitted to the Rector of Obuda University at the following address:
1034 Budapest, Bécsi út 96/b

10. Instructions for Application and Required Documents

Applications must be submitted electronically to the Rector of Obuda University (rektor@uni-obuda.hu) by uploading the following documents:

- curriculum vitae in English, format: PDF;
- a diploma certifying a PhD degree in field of engineering;
- research outline (three pages max) A4 format, font size 12 in English;
- complete list of publications (cf. sample list, PDF) with impact factor, journal ratings (Scimago);
- strong recommendation letter.

11. Assessment of the application

11.1. During the decision process, formal and substantive evaluation will be carried out. Based on the proposals submitted, a decision will be made shortly. The decision will be taken after an oral hearing of the shortlisted applicants.

The project will start based on an agreement between the parties after a decision has been made. There is no right of appeal against the decision to award a grant.

11.2. The professional management and organisation of the application is the responsibility of a Committee appointed by the Rector.

The Rector will decide on the award of the title “PostDoc Excellence Researcher” and the use of the grant on the basis of a proposal from the Commission.

12. Tasks undertaken by the supported applicant after receiving the grant

Supported applicant will undertake:

- significant research and publication activity, with Obuda University affiliation;
- at least 2 Q1 or Q2 publications in which the applicant is the first or last author;
- submit several major national and international tenders during the period;
- attend our IEEE Hungary Section conferences (<http://conf.uni-obuda.hu/>);
- provide an annual plan prior to the beginning of the academic year and progress reports, at the close of the academic year. (Academic year runs from September to July.)

13. Use of the scholarship

The full amount of the scholarship can be used freely in compliance with the legal provisions in force.

14. Termination of the Fellowship

The right to use the title and the grant expires at the end of the supported period and before the end of the supported period, if the applicant's employment ends with the University.
